

**Below are the procedures which must be followed for every in-person lesson. If you are not comfortable with the in-person lesson procedures, please contact me about options for taking virtual lessons instead.**

- All students/parents are required to answer the questions on the attached screening form prior to every lesson. If you answer "yes" to any question on the screening form, please contact me to move your lesson online. If you are too unwell to have your lesson online and need to cancel please call me by 11am, the morning of. I will no longer reschedule forgotten lessons or no-shows.
- If you or anyone in your family is not feeling well, please contact me to move your lesson online.
- If you or anyone in your household has travelled outside of BC, you will not be able to attend in-person lessons for a period of 14 days after the traveller has returned. Lessons will be done online during this time. Even though travel outside of BC is allowed based on provincial guidelines, you must attend lessons virtually pursuant to the policy above as the close contact during private lessons is a high-risk activity. (This may be re-evaluated as the year progresses)
- All students and people accompanying students should wear cloth masks or similar face coverings during their lessons. I will also be wearing a mask during lessons. If there is a reason why it is not possible/advisable to wear a mask, please contact me so that we can work out a reasonable accommodation.
- One parent may attend lessons with their child at a time. For families with more than one student, only one student may be in the studio with the teacher at any given time.
- Students are asked to remain in their vehicles and text me when they arrive. Once the previous student has completed their lesson and left the studio, and all necessary areas have been cleaned, I will reply by text to invite you to enter. My number is 604-803-8228. Alternatively you may enter when the student before you exits the house. If your student is walking to my studio, please let me know so I can make alternate arrangements. Many of my lessons are online so students may be able to wait in the foyer rather than outside if its wet or cold, or on the back deck.
- When arriving for your lesson, please leave your violin case and outdoor shoes in the foyer. I have removed some furniture from the studio to allow for more distancing. For evening lessons, set-up and pack-up time may need to be taken from lesson time.
- Students and parents are asked to use the hand-sanitizer provided upon arriving at their lesson and before leaving. All high-touch surfaces, such as door handles, music stands and pencils will be cleaned between lessons.
- If possible, please use restroom facilities before coming for your lesson. If needed, the restroom at the studio will be available and sanitized after use.

**COVID SCREENING FORM**

**I do not need to receive copies of this form every week. I ask that you review the questions before each lesson. I trust that if you come, you are healthy and you meet all of the basic safety requirements.**

When answering the following questions, if ANYONE in your household would answer 'Yes', please indicate 'Yes' as your response.		
	Yes	No
<b>1. Are you or is anyone in your household experiencing:</b>		
Severe difficulty breathing (e.g., struggling for each breath, speaking in single words), chest pain, confusion, extreme drowsiness or loss of consciousness?		
Shortness of breath at rest or difficulty breathing when lying down?		
Fever/chills, cough, sore throat/hoarse voice, shortness of breath, loss of taste or smell, vomiting, or diarrhea for more than 24 hours? For infants: poor feeding and lethargy?		
A new onset of 2 or more of any of the following symptoms: runny nose, muscle aches, fatigue, conjunctivitis (pink eye), headache, skin rash of unknown cause, nausea or loss of appetite?		
<b>2. In the last 14 days, have you or has anyone else in your household:</b>		
Been in contact with someone who is confirmed to have COVID-19?		
Been in a setting that has been identified by public health as a risk for acquiring COVID-19, such as on a flight, in a workplace with a cluster of cases, or at an event?		
Travelled outside of BC?
